ZAIN

Product Description

4 Leg, solid wood occasional table. Built into the surface top is a 5w wireless charging plate compatible with all wire free smart phones and tablets. Zain has a powerful Bluetooth speaker accompanied by a 40w subwoofer. Covered by a Charcoal grey retro fabric, the sound quality is extremely clear and full of bass.

On the top of the unit is four touch sensitive buttons allowing you to control the music playing. On back of the unit is two USB charging points. Zain is powered by being plugged into the mains

Key Features

Bluetooth Speaker: Exceptional sound - Play music, connect to your TV or receive phone calls

Wireless charging (5W) : Compatible with all smart phones with wireless charging capability or wireless phone cases

Touch sensor buttons: Audible tone function when touch sensor is available

Two USB Charging points: Connect via USB to charge your non-wireless charging devices
